# The Complete Book Of Wedding Toasts

## Synopsis

The Complete Book of Wedding Toasts contains over 300 toasts for every member of the wedding party, plus appropriate poems, essays, Scripture verses, wedding history and traditions. The book contains toasts for the many occasions that lead up to the wedding ceremony itself--showers, bridal luncheons, rehearsal dinners, etc. It offers toasts to the bride and groom from their parents, siblings, and wedding attendants, and includes sample toasts that the bride and groom can use to toast each other and their families. This book will help you to compose and deliver a heartfelt, meaningful tribute that will be remembered long after the wedding is over.

## Customer Reviews

I just loved this book. I've been a bridesmaid so many times and have had to make toasts and say "a few words" on many occasions. I just wish I had had this book ten years ago. Some of the toasts actually brought tears to my eyes. It's truly a reference book that's written with heart, passion, and humor. I recommend it to anyone who needs to come up with a meaningful speech for anniversaries, weddings, any emotion-filled life event.

My brother got married recently and I was the best man. The thought of getting up and giving the toast at the reception was really scary to me so he got me this book to help. When I read through the book I found several that made a lot of sense so I combined a couple together and added a few things of my own. It turned out great and I know I couldn't have done it without this book.

This is a very cool book! I was recently in my cousin's wedding and had to give a couple of speeches about the bride and groom and it really gave me a lot of good ideas. There was lots to choose from so that I sounded like I knew what I was talking about. Even my mother liked it. Well worth it.

I bought this book based upon some of the other reviews that said it was great and they couldn't have been more wrong. I needed the book on short notice so it cost me \$25 and it was absolutely useless. There is nothing useful in this book at all. I ended up just winging the toast because I didn't have time to look for another book.

There is nothing in this book you cannot find online for free. It is boring and unoriginal. I was very disappointed. My daughter is getting married and I was hoping for some help. It was not to be found in this book.
