Synopsis

The Adult Coloring Book of Deep Thoughts & Vulgar QuotesA PDF of this book is available free upon request from the Publisher (email provided)This book has LOTS of beautiful and ornate coloring book pages for hours and hours of relaxing calm and peace. If you're into Adult Coloring, then you'll literally cream all over yourself with this book. We focused on Beautiful and ornate Trees in this edition, but that's far from the end of it! We felt that it wasn't enough just to color, we want you to learn and experience a more existential and spiritual journey along the way.This is a coloring book devoted to each and every one of us. We can all use some relaxation and peace, so this is how we can do it in a fun way! Renew your love of coloring and the wonderful Tree Designs we have compiled. Some of them are simple and floral, while others are caught somewhere in our darkest dreams and fantasies. This is a study of the Trees and deep, sometimes dirty and vulgar thoughts, and random quotes!This book has been a collaborative effort between artists, designers, and psychologists. This book not only soothes you, but also increases mental stimulation. The pictures and designs may seem random at first glance, but they're anything but. We also added some really cool coloring pages that are just for you to zone out after reading our madness. We think you'll love the designs and create some incredible pieces of art!Our idea with this project was to both inspire you, and increase neuronal activity and stimulation in a way that activates very unique parts of your mind. There are fields of research suggesting that both children and adults who work with coloring books and designs can effectively raise their IQ.So have fun, relax, let the markers and pens do what they will, and hang on for an incredible, mind altering ride! We hope to give the designer (you) a very introspective and mind expanding experience. Your ideas and the beauty you create are more important than the original designs.

Customer Reviews

I like this book however, I can't do real busy pictures YET! This is busy! A lot of small detailed coloring, my husband is GREAT at these and enjoys that type of print- I really like the sayings at the bottom of each picture. They're pretty funny :) The pictures themselves don't have words, just at the bottom of the page and you don't color them. If you like super tiny coloring detailed pics then you'll love this! It would take me a month to finish one page however, like I'd said, my husband would do a page in 2 nights of our coloring time. We are quite addicted to this adult coloring- I'm hoping I find the patience he has because this book would be fun! I guess it's my gift to him, for now! Thank you :)

These are Shutterstock sourced repeat designs with the sayings along side of them (repeat designs/patterns #415). Have most of the designs here, without the not so cutesy sayings. Not really impressed with this coloring book. When we buy coloring books in stores we can look inside to see if we like the designs and check for any designs we already have. WHY Not Here On ??

"A PDF of this book is available free upon request from the Publisher (email provided)" is what the description reads, but the only e-mail or link of any kind was promoting the custom books they make. So I am stuck with a cool book I can't color.

I have many of ms edwards books and they are funny! But the writing does not detract from the drawings/designs. I love the intricate designs in this particular book. I can't wait to start working on this one!!! The only downside i see about this book is that its hard to make a decision about which design to color first!

This is a hilarious dirty novelty coloring book intended for adults! The detailed and intricate illustrations are of nature in a whimsical form with eccentric trees, cherries, owls, flowers and leaves. Each coloring page has an imaginative and sometimes naughty quote under the illustration that most of us have said or thought of at one time or another in our life. If you need a healthy outlet to help de-stress, then you must purchase this coloring book as it will bring you countless hours of laughter, amusement and relaxation.

I love this coloring book. It's two awesomely equal subjects combined into an epic coloring book: Vulgar, humorous quotes and beautiful images to color. It's such a wonderful coloring book to help a person decompress, de-stress, unwind and all whilst coloring beautifully artful images featuring hilariously naughty quotes. A great way to engage your creativity through coloring all while reading the side splittingly, outrageously hilarious (definitely adult themed) quotes. A must buy for those with a good sense of adult humor looking for a coloring book with a twist.

This was strictly the ebook kindle version. There was no link to go find any of the coloring pages and was basically just information on the adult coloring craze. Not really excited about this at all
