Tennessee Fruit And Vegetable Book (Southern Fruit And Vegetable Books)

Synopsis

Gardening is now the favorite leisure pastime in America. Homeowners are realizing the benefits derived from gardening, namely enjoyment, exercise, and nutrition. Book retailers are well aware that the trend in gardening books is to regional titles that provide credible information on the plants that perform well in specific regions. "The Tennessee Fruit & Vegetable Book" is written by the highly popular gardening experts Walter Reeves and Felder Rushing. Contains advice for plant fruits, vegetables, and herbs. With 60 featured plants, the authors provide characteristics of available varieties, planting and maintenance advice, as well as recipes for dishes from the garden.

Customer Reviews

I bought this book as I was beginning to plan my first kitchen garden. It's great- tells you what to plant when, the conditions the veggies like, and some good varieties. The thing I like best about this book is that most garden books are written for northern or central-us gardeners. This one tells me what will work in Memphis, and when to start it. Plus, Felder Rushing is really, really funny. I've had this book for several years and refer to it frequently during the growing season and for planning, when I'm thinking about trying new vegetables.

Nice informational book
