Residential Construction Academy: Plumbing

Synopsis

RESIDENTIAL CONSTRUCTION ACADEMY: PLUMBING, 2E is the ideal book to create a direct link between readers' education/training program and the residential construction industry. The result of a strategic partnership between the National Association of Home Builder's (NAHB) Home Builders Institute and Delmar, Cengage Learning, the Residential Construction Academy Series is the perfect way to learn essential workplace skills for readers new to the building trades. Written in partnership with the Home Builders Institute, and endorsed by NAHB, RESIDENTIAL CONSTRUCTION ACADEMY: PLUMBING, 2E provides a step-by-step approach to residential plumbing installations based on national skill standards. Focusing on "Green" advancement in the plumbing trades, this book thoroughly explains the process of installing residential plumbing systems by exploring topics such as tools of the trade and proper safety measures and by offering various tips to increase readers' on-the-job productivity. Logically organized to build a foundation of knowledge, this book progresses from the installation of common fixtures to troubleshooting techniques that will aid readers. An emphasis on creative layout and the importance of understanding code variations will foster readers' understanding of plumbing system installation that is based on typical situations as well as unique jobsite conditions.

Customer Reviews

Very glad to have this. Arrived early and had information that will enable me to better do my job.
Excellent condition.

Fairly solid plumbing course for a beginning tradesman. Good diagrams. Author has much experience.

I used this book to help me design and install the plumbing for my new home. I've been in the house six months and have not had any leaks, blockages, or other plumbing problems (knock on wood).
Any questions? :)

My expectations were exceeded. This is a very detailed book about plumbing.
