

The book was found

Spy Satellite Manual (Haynes Manuals)

Synopsis

The book also has potential for use as a news media reference guide to spy satellites, their capabilities and how they work. The field is much misunderstood and this book could be strongly marketed as unveiling highly detailed text, detailed cutaways and drawings and providing a single one-stop-shop to space-based spy-school! A veritable "Spooks in Space" guide to all there is to know about spy satellites.

Book Information

Series: Haynes Manuals

Hardcover: 208 pages

Publisher: Haynes Publishing UK (October 1, 2016)

Language: English

ISBN-10: 1785210866
